Senior Chief Randall is one of the TOP CHIEFS in the Navy. Promoted to Senior Chief (April 16, 1991) Unsurpassed initiative, leadership, reliability and professionalism. Although ranked 1 of 1 as my only newly promoted Senior Chief, he would clearly rank at the top of four hand-picked Senior Chiefs (if included in their peer ranking group). Randall’s performance has been superb. He is an invaluable asset for the SIXTHFLT Staff, and he is absolutely committed to total quality of life. He is truly a people person!

Specific accomplishments this evaluation period:

- Acting Staff Oceanographer (a post-graduate 04/05 billet) for three months; exceptional professionalism and competence.
- Timely weather forecasts; invaluable to both ship and staff. His calls were always right on the mark, and trusted Fleet Wide.
- Senior Chief Randall took charge of the SIXTHFLT/USS Belknap Navy Rights and Responsibilities program. He is always available for counseling and assistance for over 650 crewmembers.
- Catalyst for the SIXTHFLT ESWS program. Implemented innovative plans and programs that have increased program participation 50%.
- Exceptional Leading Chief Petty Officer (LCPO). Developed and implemented new programs to increase watchstanding proficiency, including exams and qualifications boards.
- Watchbill coordinator for over 35 enlisted. Ensures coverage of four separate watch stations with minimum numbers of people; a complex management task.
- Unceasingly concerned for well-being of crewmembers of the Flagship. Actively involved in improving living conditions, training, and all aspects of quality of life. He is an outstanding shipmate.

Senior Chief Randall sets the standard. Absolutely committed to being and giving his best. He combines extraordinary technical competence and an equal capacity to organize and manage. He is confident and clear-sighted. He is mature, forthright and well-reasoned advisor. Senior Chief Randall has my strongest possible recommendation for advancement to Master Chief at the earliest opportunity. He will be an outstanding Command/Fleet/Force Master Chief.

\*\*\*Make him a Master Chief as soon as possible\*\*
